

Privately owned and operated outpatient clinic seeking 1-2 full time PTs !!

AREA and OFFICES: I own and operate Ocean Shores and Hoquiam Therapy Services, in Grays Harbor County. These clinics have been rapidly growing so I am seeking 1-2 full time physical therapists to join me and my staff in treating the local communities. My staff consists of two PTs, three PTAs with three supporting staff members. We make group decisions and work as a team to the best of our abilities as we aren't perfect after all. I am able to offer you anything from pediatric to geriatric exposure, depending on what you desire. We use mostly manual and exercise therapies applying whatever gets people moving again in keeping with up to date professional standards. We enjoy a good relationship with local doctors and are known by doctors in Olympia and the greater Seattle area, as our patients often have surgeons in those areas. Being the only clinics in our respective towns we see every diagnosis and everyone: the weekend warriors to chronic illness, congenital dysfunction to industrial injuries and those post motor vehicle accidents and post surgical.

OPPORTUNITY: We offer competitive salaries and benefits especially in comparison to the local cost of living, including health care, retirement, continuing education, etc. I customize my relationship with each employee to meet their particular needs and desires. We offer full control over the way you practice. We offer flexibility in your work and vacation schedule: 4, 10 hour days, early or late start, etc.

We use a customized on-line charting system, **Clinicient**, with your own lap-top.

We are certified by **Labor and Industries** as the only "Work Hardening" provider in Grays Harbor.

We use the only valid and reliable Physical Capacity Evaluation system and are the only ones to use it in Grays Harbor: **ErgoScience**.

We have the contract to serve local school-aged children in three school districts: **North Beach, Hoquiam and Aberdeen.**

Hopefully, I have piqued your interest. SEND me your letter of intent plus resume!!

Best way is via e-mail attention Daniel Burns and then I will contact you.
